WHEAT

A Different Viewpoint

After all the ballyhoo over the size and lavishness of the recent World Grain Show held in Regina, it is somewhat of a relief to read the philosophical remarks of W. A. Alwright, superintendent of the World Grain Lodge, Alberta, experimental farm station, on the subject in the *Grande Prairie Herald*. He says: "Show what you grow and show what you know" was the motto of the World's Grain Exhibition and Conference. To what end? If the products of all countries where wheat they know how much better economically will each be in the end when competing on world markets? Presumably if production costs are lowered prices will be lowered and the consumer may benefit; but some producers think prices are too low already, and wisely or unwisely one of the dominant themes of discussion in the forum of the conference was how to control production with a view to raising the price. No one wishes to indulge a crabbed or illiberal view for the law of progress must be obeyed, but one does wonder at times whether there is not too much more fundamental thinking in all directions. Artistically and intellectually, the show and the conference were most successful, as though most of the farmers of western Canada were in too straitened circumstances to attend."

Wheat Market Plans Still a Secret

It is quite evident that the federal government has no immediate intention of divulging any information concerning plans in regard to the marketing of grain this crop year. A variety of reports have been emanating from Ottawa much of which can be regarded as rumor. "Chas." Bishop, well known newspaper correspondent, says the government will provide a hundred million dollars to deal with the wheat situation. He says further: "Undoubtedly there are certain influences urging the government to sell what wheat is on hand and take the profit or loss as the case may be, but instead of this the evident plan is to continue supporting both farmers and the government may have to carry over a heavy stock with the cost which insurance and storage entails, but that is considered preferable to any dumping process and to the general depression of prices it would likely produce."

Government Estimate of Grain Production

The Dominion Bureau of Statistics estimates wheat production of Manitoba, Alberta and Saskatchewan at 254,000,000 bushels for the current crop. Last year the estimate was 498,400,000; 1931's production was 301,181,000. The total wheat crop of Canada, east and west, is estimated at 285,771,000 bushels.

By provinces the wheat yields are estimated as follows: Manitoba, 1928, 52,600,000; 1932, 42,400,000 bus.; Saskatchewan, 1928, 158,300,000; 1932, 202,000,000; Alberta, 1932, 103,100,000 and 1932, 164,000,000 bus.

WHEAT SAGS

Wheat prices slipped another one and a half cents today. Thursday prices sagged Wednesday a little more than a cent. Wednesday's closing future prices were: October 68 7/8; December 70 3/4; May 75 3/4. Falling prices are said to be due to increased hedging and lack of buying support.

ORPHEUM THEATRE

THIS WEEK-END
MARY PICKFORD IN
"SECRETS"

Leslie Howard plays the stellar masculine role. A western picture of stalwart outdoor men and adventure filled lives.

This is a new picture that has not yet appeared in Calgary.

FRIDAY AND SATURDAY NEXT WEEK "HELL DIVERS"

A great epic of war, thrills, daring and adventure. Love, romance, and heart interest.

C.P.R. President Visits Eastern Irrigation Block

R. W. Hearty, D. C. Coleman and Other C. P. R. Officials Spend a Day in the Irrigation Block—Brooks, Tilley, and Massana Visited

R. W. Hearty, President of the Canadian Pacific Railway Company, spent a day in the Eastern Irrigation Block this week conferring with irrigation officials and inspecting various parts of the project. The party arrived in Brooks by special train Monday night. The following day a trip was made to Tilley, and points of interest in and around Brooks were visited. The afternoon the party left by motor for Massana, accompanied by A. Griffin, Don Bark, and other company officials from Brooks. Irrigation works in the vicinity of Latham were visited, and the party went on to Massana, arriving here about 4:30 p.m. Here the party was joined by H. O. Angell, local superintendent, and an hour was spent at the big dam on the Bow river just south of Massana.

E. W. BEATTY

ROSEMARY NEWS

ROSEMARY, Sept. 20-Mr. and Mrs. D. MacLeod and Dorothy motored to Calgary last Saturday. Mr. and Mrs. Gellings and family spent Sunday with Mr. and Mrs. Jesse Adams and family.

Rev. Mr. Haggard, of Brooks, conducted service in the Rosemary school house last Sunday. The Sunday school was organized and will be held at 2:00 p.m. Church service will follow at 4:00 o'clock. Everybody welcome.

Mr. and Mrs. R. Eastman employed the company of Mr. and Mrs. L. E. Newby and Miss V. McConnell, of Massana, sat Sunday evening.

Mr. and Mrs. Shore spent Friday with Mrs. J. Hall and Kathryn motored to Massana Monday.

Miss Irma McLeod spent Saturday with Miss Dorothy Kruger, of Chetiville.

Mr. and Mrs. Wm. Jones and Iris and Mr. and Mrs. C. G. Narum motored to Massana Saturday evening.

Roy Stevenson was in the colony last week.

Mr. and Mrs. Ankrum entertained Mr. and Mrs. E. Stahl to dinner on Sunday last.

Mr. and Mrs. J. McLeane entertained the following guests on Sunday: Mr. and Mrs. H. Morgan, Mr. and Mrs. G. Gellings, Mr. and Mrs. J. Miller, Mr. and Mrs. J. Brunditt.

The baseball club will give a game in the school on October 1. Game birds are plentiful in the Rosemary district, and many hunters are bringing in good bags.

SCHOOL TRUCK MEET TO BE HELD NEXT SATURDAY

The annual truck meet of the Rosemary school is to be held next Saturday, Sept. 25.

This will be a local competition, but there may be a few entries from neighboring schools. This is the second annual event of the kind, last year being the first time truck competition was held here.

The list of events includes sprint, distance race, jumping, etc. The young athletes have had some experience during the past twelve months and old records are expected to be broken.

E. W. Beatty, President of the Canadian Pacific Railway Company, spent a day in the Eastern Irrigation Block this week conferring with irrigation officials and inspecting various parts of the project.

The party arrived in Brooks by special train Monday night. The following day a trip was made to Tilley, and points of interest in and around Brooks were visited.

The afternoon the party left by motor for Massana, accompanied by A. Griffin, Don Bark, and other company officials from Brooks. Irrigation works in the vicinity of Latham were visited, and the party went on to Massana, arriving here about 4:30 p.m.

Here the party was joined by H. O. Angell, local superintendent, and an hour was spent at the big dam on the Bow river just south of Massana.

Mr. Beatty left after 7:00 p.m. The C. P. R. President and his party are on the tour of the west, and from Calgary they went on to Vancouver.

The purpose of Mr. Beatty's visit to the irrigation block was not revealed, but speculation is rife and people of the irrigation block believe that important changes are in the offing.

GAME BIRDS ARE PLENTIFUL

The hunting season opened last Friday under cool, damp weather conditions, and hunters took along their raincoats to avoid a wetting.

Local hunters who got away the first day. Ducks are in good condition, and are said to be about as plentiful as last year. There are plenty of Hungarian partridge. Geese are somewhat scarce, and only a few have been bagged to date. Later in the season the geese are expected to be more numerous.

It is reported that somebody has been shooting geese on what is known as the game preserve at the Bow river backwater. This is in the Indian reservation, and shooting is prohibited. Local sportsmen are concerned about this, for they believe the game preserve is a great help in maintaining the number of birds for hunting in this district.

WILL TELL OF ALBERTA MADE GOODS NEXT WEEK

Progress of Alberta Manufacturing Will Be Explained in Illustrated Lecture Next Wednesday.

"Day Alberta Made Goods" is the slogan of the "Made in Alberta" tour which is now visiting many points in the province.

The campaign, being conducted by H. Stutbury, Alberta trade commissioner in the interests of Alberta business, will come to Massana next Wednesday. A public meeting with free admission will be held in the Orpheum Theatre at 8:00 o'clock in the afternoon, and the Alberta Conference will be graphically illustrated by lantern slides showing many phases of the subject.

Although essentially an agricultural province, many manufacturing industries have sprung up in Alberta during the past few years, and it is surprising the number and variety of articles now made here. The meeting in Massana should be of great interest to everyone.

An attractive feature of the meeting will be the giving away of many prizes. The Massana Board of Trade is in charge of local arrangements for the "Made in Alberta" tour, and they extend an invitation to everyone to attend the meeting next Wednesday.

Canadian trade during August showed an increase of seven per cent over that of the same month last year.

Rebellious outbreaks continue in Cuba, and malaria has been added to the people's troubles.

POWERS SEEK TO LIFT WHEAT PRICE

LONDON, Sept. 19—France and Germany were virtually moved today as factors in the wheat export trade for next year through statements issued by their representatives on the international wheat advisory commission.

The measures being taken by those governments to aid the wheat recovery program by increasing consumption and, in Germany's case, by decreasing acreage, were outlined. The representatives of other importing nations told how their governments were modifying agricultural policies aiming to improve wheat prices.

Some Russia will settle the issue of her share in world wheat exports in conversations to be held Friday or Saturday with the big four exporters, Canada, United States, Argentina and Australia.

Russia was represented as feeling that her allotment of 44 million bushels was not large enough.

A. Calves, Canadian delegate and secretary of the conference, will establish offices here and send out questionnaires to the governments for statistics, which will be made available to all nations. The next session of the fall advisory commission will be held in the United States embassy here Nov. 15.

The Danubian countries, Hungary, Rumania, Yugoslavia and Bulgaria, have reached an agreement upon allotment of the export quota. The four countries were allotted 50 million to 54 million bushels in the recent wheat agreement.

A communique concerning French and German policies read: "M. Devant, the French representative, explained that although two successive bumper crops resulted in a considerable exportable surplus, the French government through arrangements to increase the wheat for animal feeding and by decreasing the quantity of flour extracted from wheat, would be able to reduce exports to a minimum figure which should have no appreciable effect on world prices."

Dr. Durig, Germany's representative, summarized the German agricultural policy respecting cereals as follows: "The government will not take any measures to increase the area sown to wheat or rye, but, on the contrary, is adopting policies the effect of which will be to reduce the area sown to both grains."

"Second: The recent exports of wheat from Germany will be offset by the imports of wheat during the present cereal year, and the exports of rye will be offset by the subsequent imports of maize and barley."

"Third: German government believes it can materially increase the consumption of wheat in Germany by reducing unemployment. The possibilities in this direction are clearly indicated by the fact that during the past year the consumption of wheat in Germany declined by 3,000,000 quintals (approximately 33 million bushels) as a direct result of German workers eating potatoes at home instead of taking a bread lunch to work."

John Van A. MacMurray, United States minister to Estonia, Latvia and Lithuania, said that his country at Plymouth today it was "practically certain that to carry out the agreements reached by the World Wheat Conference will be forcing up of the price of wheat."

LOCAL MEDICO LEAVES FOR ROCHESTER, MINN.

Dr. A. P. Dabill left Wednesday morning by car for Rochester, Minnesota, where he will visit the Mayo Clinic for treatment to his throat which has been causing him some trouble during the past few months. The doctor was accompanied by Mrs. Dabill and daughter Agnes, Lowell Samuels, who drove the car, and Junior Culbertson, who is going on to the eastern States to join his uncle and grandfather.

Dr. Dabill finds it particularly hard to leave at the beginning of the hunting season, for he is a great lover of the sport, and has never before missed a season with his dogs and gun.

Dr. Dabill's many friends wish him a successful trip, and hope to see him return, soon completely recovered.

HUSSAR NEWS

HUSSAR, Sept. 19—The annual sports meet and athletic competition between the schools of this community will be held on Friday, Oct. 6, beginning at 10 a.m. The student with the highest scholastic standing who wins the most points in the athletic contests will have the honor of christening the Massana model, and having the Massone shield hung in his school for the coming year. The affair will be under the auspices of the Husar Athletic Association, president, C. Kirby; manager, B. Bell. The competing schools are: Husar, three rooms; Lawson, Shallow Water, Whistling Hills, Atlas, Chancellor, Rockman, Fairlyte, Sun 'n' Range and Meadow Grass.

On Wednesday the Husar company of Girl Guides met for the first time this year, and elected their officers. Miss Margaret Bell was re-elected president; the other officers were: Vice President, Marjorie Hill; Secretary, Ruth Brown; Treasurer, Lois Nelson; directors, Dorothy Nell, Evelyn Holland and Orabelle Stumm. The ladies of the Husar club, Miss H. Moffat, president, and Helen Jan. It was decided to meet once in October, and after that time a month, the second and fourth Thursday evenings. It was decided to put on the play on October 27, here, and to go to two other places with the play and give the proceeds of the latter to the athletic club. Two recruits, Edith Burdett and June Dundas, having passed the tests, were inducted as honorary guides at the next meeting. Miss Lois Nelson, leader of the Orlo Patrol, led a signalling game. The girls sang with the singing of "God Save the King."

On Thursday the Ladies' Aid held the September meeting at the home of Mrs. H. E. Rollison with the president, Mrs. W. D. Moffat, in the chair and sixteen members present. The main business was a discussion of the fall harvest and sale of Christmas gifts. It was decided to hold the sale after an afternoon car party several methods of making money were discussed, and it was decided that the Aid could follow the usual custom of financing the organization. Now that there are no more students on the first night of each month, it was decided to vote \$6.00 for the October donation. Next meeting will be at the home of Mrs. T. Montgomery on the second Thursday of October. The program consisted of a reading by Mrs. T. Burdett for women, "Back to the Home," which aroused much discussion, as many did not feel that the fact the women have taken a place in business is responsible for the present economic condition of the world, and they did not feel that it was up to the unmarried women in business offices to give up their careers for the sake of marriage. Two hymns were sung, the Lord's Prayer repeated, and then the lunch followed, and a happy social hour.

Mr. H. Moffat, who has been visiting his daughter, Mrs. K. Shafer, at Tudor, for the past ten days, returned on Tuesday. She will entertain the W. I. at her home on the fourth Tuesday of the month. Roll call will be answered by poems of labor. There will be a paper on "Meaning of Labor Day Celebrations," by Mrs. W. G. Nelson, and one on "The League of Nations," by Miss Anna Hols.

The services under Rev. Aldridge of Ogden, Calgary, on the first Sunday of October, will be in the nature of a harvest meeting. The school will be suitably decorated for the occasion.

Messdames W. G. Nelson and L. P. Snyder motored to Massana on Monday. Emerson Brown and C. Kirby motored to Massana on Saturday.

Mr. W. Williams, after visiting his daughter, Mrs. Herb Crogh, left Husar on Friday for the States. A. M. Mahoney visited Husar on Wednesday and Thursday of this week.

The Misses C. Murdoch and V. McConnell, of Massana, spent Saturday and Sunday in Chetiville and Husar.

Bob Halbert, who has been working for Mr. Pringle for the past few weeks, returned to Calgary on Saturday night.

The rain on Friday was not so heavy north of Husar, so field work was resumed on Saturday and Sunday. Two weeks of good weather would see the harvesting and threshing all done. The yield is fair, better than expected owing to the protracted drought, but there will not be

OLD TIME DANCE AND WHIST DRIVE

The Massana Women's Institute have completed their arrangements for the old time dance to open the dance season on Friday, Sept. 29. They are congratulating the music committees on having secured the necessary orchestra, led by Art Bremner, to provide the music. Those who attended the last dance will vouch for their excellence in providing a varied program to please both old and young.

A large crowd is expected to attend. Tickets are selling rapidly, and enthusiasm is being voiced throughout the district.

The Massone Hall is large enough to make square dancing a pleasure. The prize for the lady having the most successful whist game will be a prize vase. Engage your partner. There are some of the best in our district who are artists in that line, and an exhibition of graceful dancing will be a delight to all who attend. The lady's prize for this event is being donated by McKee's store.

The prize for the lady having the most successful whist game will be a prize vase. Engage your partner. There are some of the best in our district who are artists in that line, and an exhibition of graceful dancing will be a delight to all who attend. The lady's prize for this event is being donated by McKee's store.

The evening provides entertainment for everyone. There will be modern dancing at intervals of the program, and a supper served in the Massone hall. Tickets 50c; students 25c.

GLEICHEN GOLFERS ENJOY DAY ON MASSANA LINKS

Some twenty golfers from the Gleichen Golf Club enjoyed the afternoon on the Massana golf links last Sunday. It was a friendly match, so of a tournament nature, so no prizes were given.

The party of Gleichen golfers included nearly a dozen ladies. The Gleichen ladies have shown much enthusiasm in golf this year, and they have had quite a successful season.

The ladies of the Massana club held refreshments on the lawn at president H. G. Angell's residence, and this contributed in no small measure to the success of the day's sport.

The Gleichen golf club extended to Massana golfers an invitation to play on the Massana links. As the season is getting rather late it is unlikely that arrangements for return play will be made until next year.

HIGH SCHOOL TESTS

In the new system introduced in Massana this term, high school students will take tests in their studies. The results of these tests, as they affect the students' class standing, will be published in the *Massana Mail*. It is unlikely that standing in each subject will be published.

much work in this community.

P. W. Melson and C. M. Wenkes were Calgary visitors on Saturday. Plans are under way for a grand celebration on Friday, the first birthday party for the Boy Scouts.

Mr. and Mrs. C. G. Nelson and their daughter, Mrs. Herb Crogh, left Husar on Friday for the States. A. M. Mahoney visited Husar on Wednesday and Thursday of this week.

The Misses C. Murdoch and V. McConnell, of Massana, spent Saturday and Sunday in Chetiville and Husar.

Bob Halbert, who has been working for Mr. Pringle for the past few weeks, returned to Calgary on Saturday night.

The rain on Friday was not so heavy north of Husar, so field work was resumed on Saturday and Sunday. Two weeks of good weather would see the harvesting and threshing all done. The yield is fair, better than expected owing to the protracted drought, but there will not be

John Moffat had word that he was successful in passing his history, so he will receive the grade 12 diploma with distinction, and also membership of the Husar high school chamber.

THE PICTURES

Mary Pickford will be seen in
"Secrets," coming to the Orpheum
Theatre this week-end. The fam-
ous film star is seen here in one of
her best productions. With a back-
ground laid in the west, the picture
bristles with adventure and re-
mance, of courageous women and
hard-living men.
"Secrets" is a new picture that
has not yet appeared in Calgary.
"Hell Drivers," a thrilling story
of daring young men, is coming to
Bassano Friday and Saturday of
next week. Thrills and more thrills
in this breath-taking tale.

FORBINATION WORK

Some 10,000 young spruce and
300,000 caragana plants were dis-
tributed this year from the provin-
cial nurseries at Oliver farm, near
Edmonton. These were distributed
largely to farmers in all parts of
the province, much of it going to
southern Alberta, while several
school districts and communities
also received material for improve-
ment of public grounds. This fall
some 300 lbs. of caragana seed is
being supplied to each of the provin-
ce's district agricultural agents for
distribution among farmers, and
more will be supplied if there is
further need. Further distribution
of spruce and other conifers will
be made from the nurseries next spring.

HEAVY EXPORT OF BUTTER

Some 673,000 lbs. of Alberta butter
are being exported to British mark-
ets this fall, comprising one of the
largest export movements ever un-
dertaken from the province. Manu-
facturers in the province have
moved to export the butter to re-
move the large surplus existing in
the country, in an effort to save the
price situation this winter, although
the loss suffered by the manufac-
turers will be around four cents a
pound.

NEW STORY STARTS THIS WEEK

"Tiger Eye," the new story starting
in the Bassano Mail this week. Mr.
Bower is a well known writer of
western stories, and his "Tiger Eye"
is written in his usual entertaining
style. It is a tale of the early days
in the west and packed with ex-
citing and adventure from the open-
ing instalment.

LOCAL NOTES

Art Pianagan was down from Hus-
ar last Sunday.

Austin Ford was hurt when he
fell off a horse at the farm of Mr.
Shugland, Husar, last Tuesday.
He was brought home with an in-
jured hand and a cut on his face,
but he is getting along all right and
is going back to school.

Rally day at Knox Church Sunday
school next Sunday, 11 a.m. Rev.
Mr. McFadden, of Calgary, will con-
duct the evening service at 7:30.

Misses Murdoch and McConnell
motored last Saturday to Chancellor
and Husar, where they visited
friends.

The Ladies' Aid will hold a tea on
Saturday afternoon, Oct. 14, in Cur-
rie & Milroy's room, from 3 to 6 p.m.
Bessie Menden who attended the
lodge meeting in Brooks last Tues-
day evening included Dr. A. G. Scott,
Jas. B. Donaldson, P. O'Connor,
J. B. Ritt, N. C. Conway, H. H.
Becker, J. Young, E. P. Currie, H.
T. Johnston and Dr. W. P. Keith.

Jimma Davidson is on his build-
ings. He left by motor for Edmon-
ton a few days ago.

Dr. and Mrs. Galbraith, of Leith-
bridge, visited with their daughter,
Mrs. W. K. Webb, for a few days
last week.

Another old building disappeared
recently—at least, a part of it. A.
Jacobson has torn down the old
lumber-yard shed which was used as
a warehouse by the Leithbridge
Breweries.

The town public works depart-
ment is operating the irrigation
pump to give the trees a final water-
ing before frost sets in.
Remember, the W. I. is holding an
old-time dance and whist drive
Friday night next week in the Mas-
sacre Community Hall.

H. B. Robinson, of Eymore, is a
patient in the Bassano Hospital.

COUNTRESS NEWS

COUNTRESS, Sept. 20—Carl Bykes,
of Maxcopee, visited at Gamble's
one day last week.

Miss McRoberts and Miss Bernice
Thompson attended the dance at
Rosemary Friday night.

Camille Levesque is shipping two
carloads of potatoes to Wayne this
week.

Mr. and Mrs. Geo. McIntosh visited
at the home of E. R. Holdt last Sun-
day.

Mrs. W. Pianagan, of Bassano, vis-
ited Mrs. Gamble on Wednesday.

Miss Caryl Gamble went to Port-
land, Oregon, last week with her
grandparents, who have been visit-
ing here. Miss Caryl will attend
college in Portland, taking a course
in domestic science.

Mrs. Levesque, of Wayne, is here
visiting her son.

Mrs. Corbett and Mr. Geo. Warren,
of Bassano, called at the Geo. Mc-
Intosh home last Sunday.

Mrs. J. Deane and Mrs. H. Cowan
and Koneta visited the Gamble home
one day last week.

Mrs. Camille Levesque went to
Drumheller last week and expects to
remain there for the winter. Mr.
Levesque will join her as soon as he
disposes of his crop.

OBITUARY

Mrs. MAY BURROWS

Mrs. May Burrows passed away at
the home of her daughter, Mrs. E.
Heldt, of Countess, at 4:00 a.m. on
Thursday, Sept. 21. She was 60
years of age.

The late Mrs. Burrows was one of
the early residents of the irrigation
block, coming here from California
with her husband, M. E. Burrows,
in 1913. The family settled in Glen
Colony, later moving to Countess,
where they were the first settlers.

Mrs. Burrows was predeceased by
her husband, who died on Armistice
Day, Nov. 11, 1918.

One daughter and two sons sur-
vive her, Mrs. E. R. Heldt, and
Halse and Royal, all of Countess.

Deceased had been an invalid for
many years following a stroke. Prior
to her disability she had been a
active community worker, having
been president of the Countess W. I.
and the Countess Community Club
for many years. She was instru-
mental in organizing the community
club and in building the hall at
Countess.

Her death is deeply mourned by
a large circle of friends and ac-
quaintances who held her in high
esteem.

Funeral services will be held Fri-
day, Sept. 22, at 3:00 p.m. in Knox
Presbyterian Church.

EXPORT OF CATTLE

More than 6,000 head of cattle
have already been exported from
Alberta this year to old country
markets, one heavy shipment of
655 head being made during the last
week in August.

Men's Wear Section

MEN! Now is the time to think of warmer underwear. Our stock is replete with all the best grades at prices which can't be bettered anywhere.
Come in and look over the goods.
